The screenshot shows the Confluence login page. At the top, there is a 'Log in' section with input fields for 'Username' and 'Password', a 'Remember me' checkbox, and a 'Log in' button. To the right of the 'Log in' button is a link that says 'Forgot your password?'. A red arrow points from the text '1. Click' to this link. Below the login section, there is a footer with language links (Deutsch, English (UK), English (US), Español, Français, Português, Русский, 日本語, 한국어), version information (Powered by Atlassian Confluence 6.0.7), and links for 'Fehler/Anregungen' and 'Atlassian-News'. The Atlassian logo is at the bottom center.

The screenshot shows the 'Forgot Your Password?' page. It has a heading 'Forgot Your Password?' followed by instructions: 'That's ok! Simply enter your username or email below and a reset password link will be sent to you via email. You can then follow that link and select a new password.' Below this is an input field labeled 'Username or email'. A red arrow points from the text '2. Username or email' to this field. Below the input field are two buttons: 'Send it to me' and 'Cancel'. A red arrow points from the text '3. Click' to the 'Send it to me' button. The footer is identical to the first screenshot, showing language links, version information, and the Atlassian logo.
