Published

- ✓ 24 July - OS MOOC Software Citation article, a condensing of these two pieces https://github.com/OpenScienceMOOC/Module-5-Open-Research-Software-and-Open-Source/blob/master/content_development/MAIN.md#Citation + https://github.com/OpenScienceMOOC/Module-5-Open-Research-Software-and-Open-Source/blob/master/content_development/Task_2.md | **Published 24/7/18** <http://genr.eu/wp/cite/>
- ✓ 25 July - Announce - Notebook - The Future of Software Citation - collaborative piece (postponed until autumn). **Announcement Published 25/7/18** <http://genr.eu/wp/futurecite/>
- ✓ 27 July - Decentralized Web - Themes - theme announce **Published 27/7/18** <http://genr.eu/wp/decentralized-web/>
- ✓ 2 Aug - round-up on Software Citation + v01 mapping Software Citation (info graphic) **Published 27/7/18** <http://genr.eu/wp/genr-software-citation-round-up/>

To publish

8 Aug - **Notebook**, note and link to #decweb Zotero library https://www.zotero.org/groups/2211286/genr_dw?

Possible

TBC no date 'Recommendations on the Development, Use and Provision of Research Software' <https://zenodo.org/record/1172988>

TBC no date transitive credit

TBC no date Software Libraries / Indexes - examples

TBC no date - mapping Software Citation (info graphic) - (trial version done with 1 Aug round up)

TBC no date POSTER (made in house)

TBC - (**postponed until autumn**) Full piece as blog - The Future of Software Citation - collaborative piece **Announcement Published 25/7/18** <http://genr.eu/wp/futurecite/>

TBC July - **Postponed till after summer** - Announce working on Wikipedia entries for 'Software Citation', en, de?, fr?, maybe more? - **Notebook**

Next theme: Decentralized Web

Start publishing: 27 august - 5 October (6 weeks); Blog post slots - 6 to 10; start using notebook for smaller editor posts; a OS MOOC contribution <http://genr.eu/wp/decentralized-web/>

Articles - for Decentralized Web theme

Min / max - one article a week, two possible as the area is large and popular - plus Notebook and MOOC

Confirmed

Week 1

27/8

Week 2

3/9

6/9

Week 3

10/9

13/9

Week 4

17/9

20/9

Week 5

24/9

27/9

Week 6

1/10

Unconfirmed

1. ~~Decentralized Web conference~~
 - a. ~~options if we can't get this covered?~~ - wasn't possible to find anyone to cover
2. Pre-story on Blockchain for Science conf Berlin - this can be with one of the main participants
 - a. backup story?
3. Solid new releases - SDK, app building:
 - a. possible interview TBL?
4. Governance - 1 or 2 article to describe different types of governance
5. Governance - 1 or 2 article to describe different types of governance - **New economy** and stakeholder in science with the well financed commercial players from Blockchain / crypto currency
6. Research project examples: DAT - CDL - In these three articles need to demonstrate a variety of issues.
7. Research project examples: Solid - Dolieli
8. Research project examples: Blockchain - ?
9. DW connected to DevOps
10. New social networks and the replacement of [academia.edu](https://www.academia.edu) research gate with new DW player, with New economy component
 - We can run supporting material in the notebook
 - What will work well for OS MOOC?

Other [DecWeb leads](#)

Thinking about the Decentralized Web

Use cases

- Personal data / information
- Authoring / attribution
- Sensor data availability
- Public records
- Orphaned data
- Anonymous data
- Bibliometric and indicator information
- Granular locations / ID

Ideas / stories

(looking for existing literature and cases) - add examples here: https://www.zotero.org/groups/2211286/genr_dw/items

- New governance and new economy - #govecon
 - Commons
 - Commercial rivals to publishing corps from Crypto / FinTech
 - Lack of tech innovation from corp sector
 - Mondialisation / Globalisation (Schaffer 2018) - China, India, BRICS, MENA, etc.

- Institutional consortia
- Role of institutions
- Institutional provision
- Trust
- New Social Media for science / scholarship - #social
- DevOps and DecWeb - #devops
- Technical issues
 - Content addressable
 - Crypto IDs
 - Merkle Tree

Refs - this section (ideas / stories)

Schaffer 2018 https://www.zotero.org/groups/2211286/genr_dw/items/itemKey/FQNQ62HM

Twitter Pool

Scheduled

- ☐ **TWITTER** Thread on all Software Citation articles **SW 2/7**

General - available to be worked on

- Helmholtz Open Science Workshop „Elektronische Laborbücher“ <https://os.helmholtz.de/bewusstsein-schaerfen/workshops/helmholtz-open-science-workshop-elektronische-laborbuecher/> (and links off here) #workshop
- Metrics <http://radicaloa.disruptivemedia.org.uk/conferences/roa2/humane-metricsmetrics-noir-meson-press/>
- Metrics consultation - open until **August 31st, 2018** | **send out regularly, schedule a repeat in Buffer** https://www.makingspeechstalk.com/ch/Open_Science_Monitor/
- PayWall the movie launch Sept - <https://paywallthemovie.com/> we can do some lead up posts
- Software Heritage through the HAL portal, that will be open to all by the end of September - get press release, do some pre announces. When available update OS MOOC
- Parthenos - 1. Consultation; 2. list their old videos
- socratesday_ber - https://twitter.com/socratesday_ber - promo this event, and approach them to know more about it, 15 Sept
- <https://twitter.com/mementonature> hedgehogs in an urban context, has to be good 😊
- https://cyber.harvard.edu/hoap/Open_Access_Tracking_Project OATP will enter an all-volunteer phase at the end of August 2018. We're ramping up our efforts recruit new taggers and spread the word.

Articles / Gen R work

To Do

1. **TWITTER** Replicable Business Models for Replicable Science <http://genr.eu/wp/replicable/> - 1. highlight the resources and generosity of being open, value for small press (as a multi part thread); 2. Ask libraries to comment on the economic model on twitter and in site comments; 3. Highlight the volume of publications of the press; 4. Point to other projects under OpenAIRE related research scheme.
2. **NOTEBOOK** Partnering with OS MOOC - make an announce and have them do same (create letter of agreement), notebook article
3. **TWITTER** Thread on all Software Citation articles

Done

1. Decentralized Web - theme announce 27/7
